

GEA Belgium

Standard Terms of Contracting

for Spare Parts and Services (Domestic and Export)

Definitions

Term	Meaning
Contract	the contract formed between Customer and Contractor for the supply by Contractor of the Scope of Supply.
Contractor	GEA Farm Technologies Belgium N.V.; GEA Westfalia Separator Belgium N.V.; GEA Process Engineering N.V.
Contractor's Offer	Contractor's quotation or offer for the Scope of Supply.
Contract Price	the contract price set out in the Contractor's Offer or, in case of binding contract, in the Contract.
Costs	all costs and expenses incurred or to be incurred by Contractor, including overhead, insurance, financing costs and similar charges and a reasonable profit; when calculating Costs, the costs of the Contractor's personnel shall be based on Contractor's periodic rates as set forth in Contractor's Offer or, if not contained therein, according to its rates prevailing when the work is performed.
day	a calendar day.
Defect	a defect, including omission, at the time of delivery in the workmanship or materials of the Contractor's equipment or a failure to prepare documentation or provide Site Services according to commercially reasonable skill and care.
Export Control Event	a situation where the Export Control Regulations may require an Export License or may cause additional costs, delay, prohibit Contractor's performance and/or render the Contract not reasonable to perform.
Export Control Regulations	all applicable national and international laws, regulations, orders, embargoes, administrative practices or resolutions that may prohibit or restrict the trade of the Goods including, but not limited to, those specified in Annex A.
Export License	license or an equivalent formal approval by the competent authorities for the supply of the Goods under this Contract which is required to be obtained by Contractor under the Export Control Regulations.
Force Majeure	acts of war or terrorism, riots, civil commotion, embargoes, export/import permit delays or refusals, epidemics, strikes, fires, delays in transport or customs clearance, any failure by Contractor or its subcontractors to obtain any work permit or visa through no fault of their own, earthquakes, floods, hurricanes, typhoons, storms, other acts of God or government or any other circumstances beyond the control of a party.
Goods	The equipment, parts and materials to be delivered by or on behalf of the Contractor, as expressly listed in the Contractor's Offer or, in case of binding contract, the Contract
including	including without limitation.
Incoterm	the series of pre-defined commercial terms published under the name Incoterm® by the International Chamber of Commerce (Paris) as in force at the date of the Contractor's Offer. Any term or expression which is defined in or given a particular meaning by the provisions of an applicable Incoterm shall have the same meaning in these Terms, but if there is any conflict between the provisions of the Incoterm and these Terms, the latter shall prevail.
Party	A party to the Contract, both parties being together named the "Parties"
Customer	Contractor's customer in connection with the Contract.
Customer Scope	all works (including civil works, equipment, documentation and services) relevant to the Scope of Supply which are not expressly included in Contractor's Scope of Supply, including any works specified in these Terms or Contractor's Quotation as being the responsibility of Customer (including third parties for whom Customer is responsible).
Schedule	the time schedule for the Scope of Supply as set out in the Contractor Offer or, in case of binding contract, in the Contract, as such schedule may be modified according to Clause 5.5 of these Terms.
Scope of Supply	The Goods, documentation and services (including Site Services, if any) expressly listed as the Contractor's responsibility in the Contractor's Offer or, in case of binding contract, the Contract.
Site	the place at which the Scope of Supply is to be installed.
Site Services	the services (if any) provided by the Contractor at the Site, including to the extent applicable installation and erection, commissioning and acceptance testing of the Scope of Supply or the supervision thereof, as expressly listed as the Contractor's responsibility in Contractor's Offer or, in case of binding contract, the Contract.
Terms	these Terms Contracting
Warranty Conditions	has the meaning set out in Clause 7.1.4.
Warranty Period	Unless stated otherwise in Contractor's Offer or, as the case may be, in the Contract, a fixed and non-extendable period of (12) months from delivery of the relevant Goods or performance of the relevant service.

General Provisions

These Terms shall apply to and form an integral part of any Contractor's Offer and any Contract. Any provision of the Customer's purchase order, offer, acceptance or other document or requirement of Customer which forms a part of the Contract and is in conflict or inconsistent with these Terms or which imposes on Contractor liabilities that are additional to or different from those set forth in the Terms shall not apply to the Contract and is of no force or effect. Customer's terms of purchase and/or service, if any, shall not apply to the Contract and are of no force or effect. These Terms shall prevail over any inconsistent or conflicting provision of the Contract (including Contractor's Offer), except only where (i) the Contractor has by way of its Contractor's Offer or a duly signed document expressly amended a provision of these Terms and has referenced the specific provision of these Terms being amended or (ii) these Terms expressly provide for an option to deviate from the respective provision in Contractor's Offer or, as the case may be, in the Contract.

1. **Qualification of the Contract - Scope of Supply:**

- 1.1. Unless when expressly agreed otherwise in writing, or unless the Scope of Supply is strictly limited to the delivery of unaltered spare parts as such, the Contract between the parties shall always qualify as a works contract ('*aannemingsovereenkomst*' - '*contrat d'entreprise*').
- 1.2. Contractor's works shall be limited to those described in the Scope of Supply. The Customer shall be responsible for the Customer Scope.

2. **Site Services:**

- 2.1 If Site Services are included in the Scope of Supply, Customer shall ensure that Contractor has safe and appropriate access to the Site at all times required by Contractor. Any failure by Customer to perform this obligation and any failure as regards readiness of the civil works or equipment outside the Scope of Supply at the Site will entitle Contractor to suspend its Site Services upon written notification thereof, stating which civil or other works are delaying, disrupting, hindering or obstructing Customer's works.
- 2.2 Under no circumstances will Contractor be responsible for the acts and/or omissions of any other contractor or person provided or made available by Customer or for any works or equipment supplied by them, either by way of a deemed employer or otherwise, or for their payment, welfare, provision of safety equipment or safe means of working, or for their work, productivity or workmanship. Customer shall be solely responsible for any failure of such persons or contractors to strictly comply with the instructions and requirements of Contractor. Customer shall indemnify, defend and hold Contractor harmless from any resulting claims and liability for loss or damage to any property or for personal injury or death in any way arising out of the acts or omissions of any such persons and contractors, save in each case to the extent directly caused by the reckless negligence of Contractor.

3. **Payment:**

- 3.1 Unless otherwise expressly stated in the Contractor's Offer or Contract, payment of the Contract Price by the Customer shall be 100% at delivery. All payments are to be made by electronic transfer, net cash without any deduction, in [Euro or other applicable currency] unless a different currency is stated in the Contractor's Offer and within 14 days of the date of Contractor's applicable invoice.
- 3.2 Customer shall have no right of set-off or right to make any form of withholding or retention against any payment of the Contract Price. The Contractor shall have no obligation to commence any Scope of Supply until the first instalment of the Contract Price has been received by the Contractor.
- 3.3 If any payment is not received by the applicable date for payment, Contractor shall be entitled to interest thereon at 1% per month and pro rata for any part thereof, without formal demand being made. In addition, and upon 7 days' written notice to that effect, Contractor may suspend all or part of its

performance under the Contract until the payment and any due interest is received in full. If any payment has still not been received in full by Contractor 21 days after the applicable due date, then, irrespective

of whether or not Contractor has commenced any portion of the Scope of Supply and/or suspended its works, Contractor shall be entitled by written notice with immediate effect to terminate the Contract.

4. Taxes:

- 4.1 The Contract Price and any other amounts to be paid to Contractor are exclusive of, and Customer shall be responsible for, all duties, taxes (including value added, sales, use, business, excise or withholding taxes), assessments or charges of any kind, except to the extent any taxes or other charges that are assessed on the profits of Contractor or which under the applicable Incoterm relating to delivery of the Scope of Supply are payable by the Contractor. If any duties, taxes, assessments or charges are imposed on Contractor by authorities in the country where the Scope of Supply will be installed in connection with any Site Services and/or in connection with the Contract itself, Customer shall reimburse Contractor all such amounts. Where the Customer is obliged by applicable law to make a deduction from any payment due to the Contractor in relation to any such duties, taxes, assessments or charges, the Customer shall increase the payment to be made such that the net payment received by the Contractor is without any such deduction.

5. Delivery / Risk of Loss / Delays:

- 5.1 Contractor shall deliver the Goods according to the applicable Incoterms by the date specified in the Schedule. If no Incoterm is stipulated, delivery shall be Ex Works manufacturer plant as specified by Contractor. If no manufacturer plant is specified, then delivery shall be Ex Works Contractor's premises. In case the respective stipulated Incoterm obliges Contractor to perform any import formalities for the import into the country of delivery, Customer at its cost is obliged to support Contractor in any way reasonably required by Contractor. Any delay (other than a delay by Contractor) in completion of import formalities shall be an event entitling the Contractor to an extension of time and compensation of Costs.
- 5.2 Transfer of risk of loss and damage to the Scope of Supply shall be in accordance with the stipulated Incoterm applicable at the date of Contractor's Offer. The inclusion of any Site Services within the Contractor's Scope of Supply shall not alter this transfer of risk of loss and damage and shall not create any assumption by Contractor of any form of care, custody and control over any Customer Scope and/or the Site.
- 5.3 Statements of packing, measurements and gross weight are an approximate guide and not binding on Contractor.
- 5.4 Upon delivery or the provision of any Scope of Supply, Customer will inspect the relevant Scope of Supply and promptly (but in no event more than 7 days) inform Contractor in writing of any Defect under Clause 7.1.1. Contractor will thereupon remedy any such Defect.
- 5.5 In case of (i) any suspension; (ii) exceptionally adverse climatic conditions; (iii) unforeseeable shortages in the availability of personnel or goods attributable in whole or in part to Force Majeure; (iv) any delay, disruption, impediment or prevention of Contractor or any breach of contract caused by or attributable in whole or in part to Customer (including third parties for whom it is responsible), or (v) any other event or circumstance for which these Terms or the Contract gives Contractor an entitlement under this Clause, Contractor shall be entitled to payment by Customer of its additional Costs and to an extension of time for any delay incurred. Contractor shall give written notice to Customer of any event giving it an entitlement under this Clause within a reasonable time after becoming aware of the event.
- 5.6 If Contractor is more than 2 weeks late in delivering the Goods according to the applicable Incoterms for reasons attributable to the fault of Contractor (and not for any reasons attributable in whole or in part to Customer), Customer shall be entitled to liquidated damages (and not a penalty) in an amount equal to 0.1% of the portion of the Contract Price attributable to the value of the delayed portion of the Goods for each full week of delay up to an overall aggregate maximum delay liquidated damages of 2.5% of the Contract Price, provided Customer has given at least one week advance written notice of its intention to claim such liquidated damages. Such liquidated damages shall not be due where Contractor

has failed to deliver only minor portions of the Scope of Supply or where Customer has not incurred any resulting loss or damage. Payment of the liquidated damages shall constitute

full and complete satisfaction of any claim of Customer, and Customer's sole and exclusive remedy, against Contractor arising from or in connection with any delay of the Contractor. Any and all other claims for delay or late performance, including any delay in meeting any intermediate or other dates or milestones, shall be excluded.

5.7 Each party shall be released from the performance of its obligations under the Contract to the extent such performance is delayed, disrupted, hindered or obstructed by Force Majeure. A party shall give written notice of the occurrence of any Force Majeure within 14 days of becoming aware of its occurrence.

6. Ownership:

6.1 Title in the Scope of Supply will transfer to Customer when Contractor has received payment of the Contract Price in full. This retention of title until payment in full shall not affect the passing of risk of loss or damage in the Scope of Supply pursuant to Clause 5.2.

6.2. Until payment of the Contract Price is received in full, the Scope of Supply shall not be sold, pledged, relocated from the premises and/or custody of Customer or otherwise encumbered, processed or (unless otherwise specified in the payment terms) used for commercial production without Contractor's prior written consent.

7. Warranties:

7.1 Warranties regarding Scope of Supply

7.1.1 Subject to the provisions of this Clause 7.1 and Clause 7.2, the Contractor warrants that the Scope of Supply shall be free of Defects. This warranty shall expire on the last day of the Warranty Period.

7.1.2 Contractor shall be responsible for remedying any Defect under Clause 7.1.1 provided that Customer promptly gives detailed written notice to Contractor of the Defect and in any event before the end of the Warranty Period. To the maximum extent permitted by applicable law, the Contractor shall have no liability for any form of Defect under Clause 7.1.1, latent or otherwise, for which it received written notification after the Warranty Period.

7.1.3 Where Contractor is responsible for a Defect under Clause 7.1.1, Contractor shall investigate and rectify the same as soon as reasonably practicable (taking into consideration the nature of the Defect, lead-time for replacement parts, etc.). Rectification of a Defect under Clause 7.1.1 relating to the Goods included in the Scope of Supply shall be by way of repair or replacement, at the Contractor's option, of the relevant part of the Goods that is defective. Rectification of a Defect under Clause 7.1.1 relating to Site Services and documentation included in the Scope of Supply shall be by way of re-performance by Contractor of the relevant part of the Site Service or documentation that is defective. Such rectification may include remediation implemented via a remote access solution (e.g., via an IoT edge device or IoT gateway). Customer shall in each case give Contractor all necessary and safe access to and possession of the Site. Customer also grants Contractor the right to use any remote access capability installed by or for Contractor in relation to the Scope of Supply or installed equipment at the Site for investigating and rectifying Defects. Any replacement parts shall be delivered according to the same delivery (Incoterms) terms as specified in the Contract. Customer shall be responsible for all labour, equipment, costs used or incurred in the disassembly, removal, transport, installation and commissioning of repaired or replaced defective parts. Contractor shall not be deemed to have breached any of its warranty obligations where it has rectified a Defect according to the foregoing. Should Customer disable or otherwise restrict, hinder or prevent Contractor from remotely accessing the Scope of Supply or related installed equipment at the Site, Contractor's ability to perform its warranty obligations may be impaired or delayed; any investigation or resolution of Defects by Contractor may be incomplete or inaccurate; Contractor may incur additional costs in connection with the investigation and/or the rectification of a Defect (including the incurrence of travel costs), which Contractor will be entitled to recover from Customer; Contractor's warranty obligations will be void insofar as Contractor's ability to discharge such obligations are materially impaired.

7.1.4 Contractor's responsibility for any Defect under Clause 7.1.1 is subject to the condition that it is not caused by one or more of the following: (a) normal wear and tear of parts; (b) use of non-original spare

parts; (c) use of feed, consumables or utilities not in strict conformity with the specifications stated in the Contract or in Contractor's written manuals; (d) any failure of upstream and/or downstream equipment; (e) modifications without Contractor's express prior written consent; (f) use of corrosive or abrasive substances; (g) the storage and handling or any Contractor equipment and / or the maintenance or operation of the Goods by or for Customer which is not in strict conformity with good engineering practice, the Contract or any written requirements of the Contractor, including any failure to comply with Contractor's written manuals or instructions and Customer's own quality assurance requirements; (h) information, services, personnel, equipment or other items supplied by or for Customer; (i) failure to permit Contractor to perform supervision of installation and/or installation; and/or (j) other conditions or circumstances not due to the fault of Contractor (collectively, "Warranty Conditions").

7.2 **Disclaimer and Limitations**

To the fullest extent permitted by applicable law:

- (i) Contractor hereby excludes and disclaims all conditions, warranties, guarantees and representations that are not expressly set out in Clauses 7.1 above or which are implied, statutory, customary or otherwise and which, but for this exclusion and disclaimer, would or might subsist in favour of Customer, including any warranties as to fitness for purpose or merchantability;
- (ii) Customer's remedies as set forth in Clause 7.1.3 above shall be the Customer's sole and exclusive remedies in respect of any defect in the Scope of Supply, including any Defect covered by Clause 7.1; and
- (iii) Contractor shall not be liable for any loss or damage, including any loss or damages described in Clause 9.2 below, caused by or resulting from any breach of warranty or any defect, including any Defect covered by Clause 7.1.

8. **Confidentiality and IP; Software; Technical Data and Smart Equipment:**

- 8.1 Customer shall treat all information, drawings and data of any kind made available or provided by Contractor under the Contract whether orally, electronically, in writing, visually (such as through site visits, tests or audits) or otherwise and regardless of whether marked "confidential" ("Confidential Information") as private and confidential. Customer shall not publish or disclose Confidential Information or any particulars thereof (except as may be necessary for the purposes of the Contract, including disclosure to its and its affiliates' officers, directors and employees, and/or as required by a recognized stock exchange or by applicable law), without the previous written consent of Contractor. Nothing in this Clause 8 shall prevent the publication or disclosure of any Confidential Information which either has come within the public domain otherwise than by breach of this provision or was already in the possession of Customer with a right to disclose and use such information.
- 8.2 The intellectual property rights in any equipment, document or other information given or made available (by visual inspection or otherwise) to Customer under the Contract or applied to and embodied in the Scope of Supply and the Site Services shall remain the exclusive property of Contractor (or its subcontractors).
- 8.3 To the extent the Scope of Supply includes the furnishing of engineering deliverables such as, but not limited to, engineering studies, process studies, detailed price proposals, preliminary drawings, preliminary bills of materials, process and instrumentation diagrams, or specifications not concurrent with a contract for the sale of tangible goods ("Engineering Deliverables"), such Engineering Deliverables are licensed to Customer by Contractor on a fully-paid up basis only for the purpose of Customer utilizing such Engineering Deliverables to procure equipment from Contractor and no other supplier. Customer is not authorized to use or disclose the Engineering Deliverables in connection with the purchase of equipment from any other supplier and Customer will indemnify and hold Contractor

harmless from any claims, damages, losses and costs (including reasonable attorney's fees) that result from the use of any Engineering Deliverables in conflict with this provision.

- 8.4 This clause applies insofar as any software, programming, control system or automation of any kind (collectively "Software") are included in the Contractor's Scope of Supply. Software also includes all enhancements, upgrades and related documentation that Contractor may make available in its sole discretion. Upon receipt of the full Contract Price and subject to Customer's compliance with its obligations under this clause, Contractor grants Customer a non-exclusive and (except as stated expressly below) a non-transferable license to use the Software solely for operating the Goods for the purposes and within the requirements stated in Contractor's Offer. Except as stated below, Contractor warrants for a period of one year after the date (whichever is earlier) the Software is shipped or otherwise first made available to Customer ("Software Warranty Period") that the Software, when properly installed and used in conformity with the Contract, will function substantially in accordance with the software specifications (if any) stated in Contractor's Offer. Contractor does not warrant that the Software meets Customer's or any third parties' data protection or IT security requirements. If Customer discovers a nonconformity with the warranty and provides Contractor promptly with a detailed written notice of the nonconformity within the Software Warranty Period (including a description of the nonconformity and complete information about its discovery), Contractor will use commercially reasonable efforts to substantially correct the nonconformity by, at its option, one of the following: (i) providing a suitable fix, patch or workaround which may include a future revision of the Software; (ii) making available to Customer instructions for modifying the Software or indicating a reasonable way for avoiding the effect of the nonconformity; or (iii) making available at Contractor's facility corrected or replacement Software. Contractor will have no obligation under the warranty stated in this clause in case of improper installation of the Software or any modification or configuration of the Software not authorized in writing by Contractor, nor shall it have any responsibility for any non-conformities arising from Customer supplied software or interfacing; in each such case, Customer shall defend and hold Contractor harmless for any resulting loss, injury or damage. In respect of any Software that is acquired by Contractor from third parties, Contractor's obligation will be limited to transferring to Customer any warranty rights obtained by Contractor in respect of that Software and the non-conformity. Except as may be stated expressly in this clause, the Software is licensed as is. Contractor has no obligation to provide any maintenance, enhancements or upgrades. As between the Parties, Contractor retains all copyright, trademarks, patents and other intellectual property rights in the Software and all information other than Customer generated information that may be used or transmitted via or processed by the Software. The Software may not be sold or otherwise transferred or given to any third party without the prior written consent of Contractor and prior written agreement between Contractor and the third party, except that the Software (and the license granted herein) may be transferred to persons who have acquired the Goods without obtaining Contractor's prior consent. Customer shall not reverse engineer, modify or decompile the Software or in any other manner attempt to locate or identify the source code. To the extent that the Software contains open source software ("OS-Software"), the following applies notwithstanding anything to the contrary in this Clause, Contractor makes the OS-Software available to Customer on the basis of the applicable OS-Software license terms, which terms will govern Customer's use of the OS-Software exclusively (including, for the avoidance of doubt, with respect to warranty and liability). To the extent permitted by law, Customer's rights and remedies in respect of the Software are stated exclusively above.
- 8.5 Contractor annually publicly discloses its audited greenhouse gas emissions according to the Corporate Value Chain (Scope 3) Accounting and Reporting Standard ("GHG protocol"). In order to increase the accuracy of its reporting on the use phase of its sold products (Scope 3.11 greenhouse gas emissions), Contractor is interested in its customers' specific energy grid mix. Thus, Customer shall disclose towards Contractor the specific energy grid mix, i.e. the share of renewable energy used to power the specific sold product, to the extent such information is collected and tracked. Customer shall provide the required information and shall agree, that Contractor may utilize this information in an aggregated form for its annual sustainability reporting and auditing. Apart from that, this information will be kept confidential.
- 8.6 Where Contractor's Scope of Supply includes a Connected Product or a Related Service, GEA Group Companies each have a perpetual, world-wide, irrevocable, non-exclusive, transferable, sub-licensable and royalty-free right to generate, collect, process, analyse, store, aggregate, and otherwise use Technical Data transmitted to the GEA Cloud from the Connected Product or Related Service for one

or more of the following purposes: providing the Scope of Supply; discharging Contractor's warranty and other obligations under the Contract; troubleshooting, monitoring, improving the function of and further developing the Scope of Supply (including the Connected Product and/or Related Service) and the Installed Works; providing Customer with product support and information on the Scope of Supply and Installed Works; establishing benchmarks and optimization potentials and optimizing the Scope of Supply and Installed Works; developing, designing, engineering, manufacturing, supplying, automating, improving, updating, monitoring and/or servicing equipment, software, cloud-based solutions, processes and services; creating and modifying algorithms, statistical analyses and artificial intelligence solutions; optimizing project execution and similar capabilities; supporting the marketing and sales efforts; and generating and using for commercial purposes any Derived Data, including with the aim of making such Derived Data available to third parties; and other similar purposes. Contractor shall exclusively have all rights, title and interest in and to all Derived Data, provided that Customer may use any Derived Data provided to it via a Connected Product or a Related Service for operating and maintaining the Scope of Supply and auxiliary equipment at the Site.

- 8.7 Customer transmit to the GEA Cloud such Technical Data as is needed or appropriate for Contractor to discharge its warranty and other obligations under this Contract. Further, upon a GEA Group Company's written request, Customer will undertake such measures as may be reasonably required to enable such company's secure access to the Scope of Supply, Installed Works and related Technical Data and to provide at its discretion updates to the installed automation, software and control systems. Customer will enable Contractor to connect, or if agreed Customer will connect, the Scope of Supply (or a portion thereof) during its installation or (if requested by a GEA Group Company) at a later point of time and the Installed Works (if and when requested by a GEA Group Company) to Contractor's cloud and/or IT environment or other similar solution. Customer will ensure that the internet or other connection to the IoT edge device or IoT gateway is fully accessible to Contractor remotely and at Site and the connection meets such requirements (e.g., configuration, security, etc.) that may be issued by Contractor from time to time or which are recommended or required by applicable regulations or standards. Nothing in these Terms obligates Contractor to provide digital solutions; Customer acknowledges that Contractor may offer from time-to-time digital solutions for the Scope of Supply and or Installed Works pursuant to supplemental terms. This clause does not result in any warranty or other similar obligation being given or undertaken by Contractor in respect of any Technical Data or Derived Data. Contractor may, in its discretion, delete any stored Technical Data at any time, provided such deletion will be in accordance with applicable laws. Except to the extent required by applicable law, nothing in these Terms requires Contractor to provide any access to Technical Data or make such data available where doing so i) would result in disclosure of Contractor's trade secrets; ii) could undermine the security or safety of the Scope of Supply; or iii) would result in the disclosure of data relating to the testing of new products, substances or processes that are not yet placed on the market.
- 8.8 As used in these Terms, "GEA Group Companies" means Contractor and its affiliated companies; "Connected Product" means a physical product at the Site that via a component (e.g., an IoT edge device or IoT gateway), operating system or other means obtains, generates and/or collects Technical Data and communicates, or is intended by Customer and Contractor to communicate such data to Contractor's cloud and/or IT environment or other similar solution; "Installed Works" means the equipment, automation, software and control systems at the Site to which the Scope of Supply relates or is connected; "Related Service" means a digital service, including software or a cloud-based solution, that enables a GEA Group Company or a third party acting on its behalf to obtain, generate and/or collect Technical Data where the service is connected to the Scope of Supply or the Installed Works in such a way that its absence would prevent the Connected Product or Installed Works from performing one or more of its functions or which adds to, monitors, updates, optimizes, modifies or adapts the functions of the Scope of Supply or Installed Works; "Technical Data" means raw product data generated by the use of a Connected Product or Related Service, including relevant metadata that make the raw data usable, including without limitation data regarding the condition, operation, efficiency, productivity, availability, maintenance, status, malfunction and/or optimization of the Connected Product; "Derived Data" means i) all data or information that is derived by the GEA Group Companies (or third parties acting on their behalf) from Technical Data, including without limitation statistical or other analysis and data derived by means of algorithms or application of proprietary software; ii) all data or information that is derived by means of sensor fusion or other similar means or methods; and iii) all data where the

Technical Data is aggregated together with other data (provided such aggregated data does not allow for identification of the Technical Data collected under this Contact or allow a third party to derive such data from an aggregated data set). Technical Data does not include any Derived Data.

9. Remedies and Limitations of Liability:

9.1. Liability exclusion related to the Status of Auxiliary and Third-Party Waivers

- 9.1.1. In the event that the Contractor acts on behalf of the Customer as a subcontractor or, more generally, as an auxiliary within the meaning of Book 6 of the Belgian Civil Code in the context of this Agreement, the Customer undertakes to include, in its contractual relationship with its own client, a clause or any other contractual mechanism whereby such client waives any and all extra-contractual claims or actions against the Contractor, on any legal basis whatsoever.
The Customer acknowledges that the Contractor shall be entitled to invoke not only any and all defences arising from its contractual relationship with the Customer, but also those arising from the relationship between the Customer and its own client.

In the event that, notwithstanding the foregoing, an extra-contractual claim is brought against the Contractor by the Customer's client or any third party in the Customer's contractual chain, the Customer undertakes to fully defend, indemnify and hold harmless the Contractor against any such claim, and to bear all consequences thereof.

This waiver shall apply to any type of damage, including but not limited to indirect or consequential loss, loss of production, loss of profit, or loss of opportunity, to the broadest extent permitted under Book 6 of the Belgian Civil Code.

- 9.1.2. In the event that the Contractor engages a subcontractor or, more generally, an auxiliary in the performance of this Agreement, the Customer waives any and all extra-contractual claims or actions against such subcontractor or auxiliary, on any legal basis whatsoever.

This waiver shall apply even in the event of gross negligence, unless fraud or willful misconduct (dol) is established in a final judicial decision, in which case liability shall be assessed in accordance with applicable mandatory law.

This waiver shall extend to any type of damage, including indirect or consequential loss, loss of production, loss of profit, or loss of opportunity, to the broadest extent permitted under Book 6 of the Belgian Civil Code.

9.2. Exclusive Remedies:

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, CUSTOMER'S RIGHTS AND REMEDIES AS EXPRESSLY STATED IN THE CONTRACT (WHETHER BY WAY OF DAMAGES, PAYMENT OR REIMBURSEMENT OF COSTS, LIQUIDATED DAMAGES, PRICE REDUCTION, MAKE GOOD OR REMEDIATION, TERMINATION OR OTHERWISE) SHALL BE ITS SOLE AND EXCLUSIVE RIGHTS AND REMEDIES REGARDLESS OF THE EVENTS, CIRCUMSTANCES OR THEORY ON WHICH A CLAIM MAY BE BASED (INCLUDING TERMINATION, BREACH OF CONTRACT OR STATUTORY DUTY, NEGLIGENCE OR OTHER TORT, STRICT LIABILITY, INDEMNITY, RESCISSION / WITHDRAWAL OR OTHERWISE).

9.3. Exclusion of Certain Damages:

NOTWITHSTANDING ANY OTHER PROVISION TO THE CONTRARY, EXCEPT ONLY:

- (A) TO THE EXTENT OF ANY LIQUIDATED DAMAGES PROVIDED FOR IN THE CONTRACT; AND
(B) TO THE EXTENT THE EXCLUSION OF CONTRACTOR'S LIABILITY IS PROHIBITED BY APPLICABLE LAW (IN WHICH CIRCUMSTANCES CONTRACTOR'S LIABILITY SHALL BE LIMITED TO THE EXTENT PERMITTED BY APPLICABLE LAW), CONTRACTOR SHALL IN NO CASE WHATSOEVER BE LIABLE FOR ANY LOSS OF REVENUES OR PROFITS; IMPOSED ON

CUSTOMER BY ITS CUSTOMERS OR THIRD PARTIES; CUSTOMER'S CONTRACTUAL LIABILITY TOWARDS ANY THIRD PARTY; CUSTOMER'S CONTRACTUAL LIABILITY TOWARDS ANY THIRD PARTY; RECALL COSTS; ANY DAMAGES FINES OR PENALTIES PAYABLE BY CUSTOMER; OR OTHERWISE FOR ANY FINANCIAL OR ECONOMIC LOSSES OR DAMAGES, AND IN EACH CASE IRRESPECTIVE WHETHER THE LOSSES OR DAMAGES IN QUESTION ARE DEEMED TO BE DIRECT, CONSEQUENTIAL, INDIRECT OR OTHERWISE, OR FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE OR EXEMPLARY, LOSSES OR DAMAGES HOWSOEVER CAUSED OR ARISING.

9.4. Maximum Aggregate Liability:

NOTWITHSTANDING ANY OTHER PROVISION TO THE CONTRARY, EXCEPT ONLY TO THE EXTENT THE EXCLUSION OR LIMITATION OF CONTRACTOR'S LIABILITY IS PROHIBITED BY APPLICABLE LAW (IN WHICH CIRCUMSTANCES CONTRACTOR'S LIABILITY SHALL BE LIMITED TO THE EXTENT PERMITTED BY APPLICABLE LAW), CONTRACTOR'S MAXIMUM AGGREGATE LIABILITY TO CUSTOMER UNDER OR IN CONNECTION WITH THE CONTRACT SHALL IN NO CASE EXCEED IN THE AGGREGATE 50 % OF THE CONTRACT PRICE AS RECEIVED BY THE CONTRACTOR, IRRESPECTIVE WHETHER SUCH LIABILITY ARISES BY WAY OF BREACH OF CONTRACT (INCLUDING TERMINATION) OR OF STATUTORY DUTY, NEGLIGENCE OR OTHER TORT, STRICT LIABILITY, INDEMNITY, CONTRACT PRICE REDUCTION OR REPAYMENT, TERMINATION, RESCISSION/WITHDRAWAL, MAKE GOOD OR REMEDIATION OR OTHERWISE.

9.5. The expiry of the Warranty Period shall, to the maximum extent permitted by applicable law and save only as set out in the last sentence below, constitute conclusive evidence for all purposes and in all proceedings whatsoever between the parties that Contractor has completed its obligations under or arising out of the Contract and performed the Scope of Supply and made good all Defects therein in accordance with its obligations under the Contract. After the expiry of the Warranty Period, all claims of any nature whatsoever the Customer may have against Contractor, whether known or not, under or arising out of the Contract and the use of the Scope of Supply, and any right, cause of action and or remedy shall be deemed to be barred and extinguished. Provided always that this provision shall not apply in case of fraud or to the extent any proceedings were commenced and served in writing on the Contractor within the Warranty Period.

10. Permits / Safety:

- 10.1 Customer shall be responsible for (i) all permissions, consents and permits in connection with the Site, and with owning, erecting, testing, commissioning, operating and maintaining the Goods and any related equipment, plant, facilities or utilities, and for the performance of the Site Services (if applicable); (ii) maintaining the Site in a safe working condition and as a safe place of work for all personnel at the Site at any time, providing safe means of access to the Scope of Supply at all times, conducting all activities on the Site in a safe manner and as prescribed by applicable directives, laws, rules, regulations, codes and standards and as set forth in the operating and maintenance manuals and instruction sheets furnished by Contractor; (iii) not removing or modifying any safety device, guard or warning sign provided as part of the Scope of Supply.
- 10.2 If the Customer fails to strictly observe any of the obligations in this Clause, Customer shall indemnify, defend and hold Contractor harmless from any resulting claims and liability arising out of loss or damage to any property or out of personal injury or death, save to the extent directly caused by the negligence of Contractor.

11. Amendment to the Contract - Hardship:

- 11.1 No change in, addition to, or waiver of the provisions of the Contract shall be binding upon Contractor or Customer, unless contained within an identified written formal amendment to the Contract and signed by both parties.
- 11.2 The Customer expressly agrees to waive the benefit of Article 5.74 of the Belgian Civil Code, as well as any equivalent provision under applicable law that would allow for the renegotiation, adaptation, or termination of the contract due to a change of circumstances, and shall bear the full risk of any change

in circumstances, including situations where the performance of the contract becomes excessively onerous. Accordingly, the Customer shall not be entitled to request a renegotiation, adaptation, or judicial termination of the contract on the grounds of a change in circumstances, even if such change was unforeseeable or beyond its control.

12. Export Control:

- 12.1 Customer acknowledges that the Goods to be provided by Contractor are or may be controlled by Export Control Regulations which may result in an Export Control Event. In case of an Export Control Event Contractor shall be entitled to all additional costs and expenses which may be needed for Contractor to fulfil its obligations under the Contractor's Offer or, in case of binding contract, the Contract, including costs and expenses needed to obtain an Export License. Customer agrees to provide to Contractor with undue delay all necessary information that may be requested to obtain an Export License, such as end-user certificates. Contractor will inform Customer about material delay to obtain an Export License, a revoked license or any prohibition to execute the contract with undue delay.
- 12.2 If an Export License is denied or revoked or if an embargo prohibits the execution of the contract or if any other Export Control Event will hinder Contractor to fulfil one or more of its contractual obligations Contractor shall be excused from the performance of its obligations under the Contractor's Offer or, in case of binding contract, the Contract, with immediate effect. This shall, without limitation, also apply in case that Contractor may be hindered to fulfil its contractual obligations due to the fact that any of Contractor's suppliers or subcontractors are hindered by an Export Control Event to supply the Goods all or in part. In any case Contractor shall not be liable or accountable to Customer for any claims for delay, loss or damage in connection with an Export Control Event.
- 12.3 Subject to Clause 12.2, if Contractor gives notice to Customer that its performance of the Contractor's Offer or, in case of binding contract, the Contract will be hindered by Export Control Regulations and/or Export License or embargos, each party shall be entitled to terminate the Contractor's Offer or, in case of binding contract, the Contract, by giving one-week prior written notice. In the event of such termination, the Contractor shall be entitled to reimbursement of all costs and expenses incurred for all work in progress under the Contract or which the Contractor must pay to a supplier or subcontractor as a result of the termination, as well as all losses and damages resulting from or related to the termination.
- 12.4 Customer shall implement and follow all necessary procedures to comply with Export Control Regulations related to the Goods to be provided by Contractor, and guarantees not to engage in any activity which it or Contractor reasonably believes could be subject to civil, criminal or administrative liability, including but not limited to the sale, lease, transfer, or sublicensing of any Goods without appropriate authorization. Customer shall indemnify and hold harmless Contractor from and against any claim, proceeding action, fine, cost, loss and damage arising from or related to the breach of this warranty.

13. Data Processing:

- 13.1 Customer agrees that Contractor will collect, process and use personal data and other data disclosed by Customer in the course of the business relation with Contractor for the purpose of (1) managing and performing the Contract with Customer (which includes the creation and processing of invoices), (2) advertising and/or offering further goods and services to the Customer and/or (3) managing the business relationship with Customer through e.g. a customer relationship management system. Such data may include the following data categories of persons being employed or retained by Customer *inter alia* name, title, company, function within the company, business contact details (phone- and fax-number, email-address, mail address), history of orders, history of issues (e.g. warranty claims or disputes).
- 13.2 Within the limitation of the above-described purpose, Contractor can collect, process and use the above-described data (i) by itself and/or through the use of affiliates or other external subcontractors and (ii) from countries within and/or outside the European Union or European Economic Area. Customer will ensure (e.g., if necessary, through consent declaration of the data subjects or other appropriate means available under the law) that Contractor can use the above-described data for the above-described purposes.

14. Miscellaneous:

- 14.1 If any provision of the Contract is determined to be invalid or unenforceable, this shall not affect the validity or enforceability of the remaining provisions and the parties will substitute the invalid or unenforceable provision by a valid provision that achieves as closely as possible the same economic effect.
- 14.2 Any Clause or paragraph headings or other headings appearing in the Terms are for reference only and shall not affect the construction of those Clauses or paragraphs. Words importing the singular shall include the plural and vice versa where the context requires. The Contract shall not be construed or interpreted against or to the disadvantage of either Customer or Contractor whether on the grounds that the Contract represents Customer's or Contractor's standard or customary terms and conditions of business and /or that the Contract and or any particular recital, article, clause and or annex or appendix thereof may have originated from Customer or Contractor or other similar grounds.
- 14.3 The Contract sets forth the entire agreement between Contractor and Customer with respect to the subject matter thereof and supersedes any previous agreement or arrangement between the parties. Except to the extent expressly and specifically set forth in the Contract, all oral representations, warranties, undertakings and other statements of any kind and all documents given or exchanged on or prior to the date of Contract (including any brochures or sales material of Contractor) are expressly excluded and disclaimed by Contractor. Customer acknowledges that it has not relied on and is not relying on any such representations, warranties, undertakings, statements or documents when entering into the Contract.
- 14.4 The Contract may not be assigned in any manner by either party without the other party's prior written consent, but this shall not require Contractor to obtain any consent, or otherwise limit its entitlement, to subcontract any part or parts of its obligations under the Contract as it may see fit.

15. Disputes/Applicable law:

- 15.1 Where Customer is domiciled in Belgium: Any dispute arising out of or in connection with this Contract, including any question regarding its existence, validity or termination, shall exclusively be referred to and finally resolved by the competent courts in the Netherlands competent for the city where the Contractor has its registered seat provided that Contractor shall be entitled to commence proceedings against Customer in any other court of competent jurisdiction. The governing law of the Contract shall be the substantive laws of Belgium; however, the United Nations Convention on Contracts for the International Sale of Goods shall not apply.
- 15.2 Where Customer is domiciled outside Belgium: Any dispute arising out of or in connection with this Contract, including any question regarding its existence, validity or termination, shall exclusively be resolved by arbitration in accordance with the Swiss Arbitration Rules International Swiss Arbitration Center in force on the date on which notice of arbitration is filed in accordance with these Rules. The number of referees is fixed at three. The seat of the arbitration will be Geneva (Switzerland). The arbitration will take place in English. The governing law of the Contract shall be the substantive laws of Switzerland, without reference to conflict of laws rules. However, the United Nations Convention on Contracts for the International Sale of goods shall not apply.

ANNEX A

SPECIAL EXPORT CONTROL REGULATIONS

Export control requirements applicable for recipients (“Customer”) of any goods and/or services (including software, if any) provided by or received directly or indirectly from any company, legal entity or permanent establishment (“Contractor”) belonging to or being directly or indirectly controlled by GEA Group AG registered in Düsseldorf, Germany (“GEA”):

Contractor’s ultimate parent company, GEA, is seated in Germany and therefore all group companies of GEA shall, to the widest extent permitted by the applicable laws, adhere to all Export Control Regulations in force in Germany including without limitation all Export Control Regulations enacted by the European Union including but not limited to Council Regulation (EU) Nos 833/2014 and 765/2006. It is therefore agreed that Customer shall, but only with respect to the Scope of Supply/Work to be provided by Contractor and only to the extent permitted by the applicable law, comply with the Export Control Regulations in force in Germany regardless whether they are deemed applicable to Customer under international law.

Therefore, the following provisions shall be accepted by Customer and shall supersede and be substituted for all conflicting provisions agreed elsewhere:

- (i) If Customer acquires from Contractor goods or technologies listed in Annexes XI, XX, XXXV or XL of Council Regulation (EU) No 833/2014, or any other Annexes that are or may become applicable to the Export Control Regulations specified above, Customer shall not sell, export or re-export, directly or indirectly, such goods to the Russian Federation or for use in the Russian Federation and if Customer acquires from Contractor goods or technologies listed in Annexes XVI, XVII, XVIII or XXX of Council Regulation (EU) No 765/2006 or any other Annexes that are or may become applicable to the Export Control Regulations specified above, Customer shall not sell, export or re-export, directly or indirectly, such goods to Belarus or for use in Belarus;
- (ii) Customer shall undertake its best efforts to ensure that the purpose of item (i) above is not frustrated by any third parties further down the commercial chain, including by possible resellers;
- (iii) Customer shall set up and maintain an adequate monitoring mechanism to detect conduct by any third parties further down the commercial chain, including by possible resellers, that would frustrate the purposes of item (i) above;
- (iv) Any violation of items (i), (ii) or (iii) above shall constitute a material breach of an essential element of the Contract, and Contractor shall be entitled to seek appropriate remedies, including, but not limited to termination of the Contract; and
- (v) Customer shall immediately inform Contractor about any problems in applying items (i), (2) or (3) above, including any relevant activities by third parties that could frustrate the purpose of item (i). Customer shall make available to Contractor information concerning compliance with the obligations under items (i), (ii) and (iii) within two weeks of the simple request of such information.

Any breach of the foregoing obligations shall constitute an Export Control Event.
