We live our values.
Excellence • Passion • Integrity • Responsibility • GEA-versity

GEA Group is a global engineering company with multi-billion euro sales and operations in more than 50 countries. Founded in 1881, the company is one of the largest providers of innovative equipment and process technology. GEA Group is listed in the STOXX® Europe 600 Index.
The Solid Pump for Applications in the Food and Beverage Industries

The GEA Hilge DURIETTA is designed in compliance with food technology requirements, making it ideal for jobs where hygiene is a key concern. For example, it is CIP- and SIP-capable with the performance characteristics outlined for pumps in DIN 12462. The unique hygienic design and the deep-drawn, rolled stainless steel AISI 316L make the GEA Hilge DURIETTA pump range suitable for:

- Food & Beverage
  - Microbreweries and dairies
  - Bottling systems
  - Food processing plants
  - Drinking water systems
  - CIP systems

- Pharmaceutical and Related Industry
  - Personal care industries
  - CIP systems

- Other Industrial Applications
  - Semiconductor manufacturing
  - Heat exchangers

FEATURING AND BENEFITS

1. Connections
   - Various nominal widths and connections

2. Shaft seal
   - Optimal position in the pump housing

3. Surface
   - Electro-polished for easy cleaning

Connections
- GEA Hilge offers threads to DIN 11851 as standard for GEA Hilge DURIETTA pumps.
- Connections on request:
  - Threads SMS
  - Threads DIN 11851
  - Flanges
    - Flanges DIN 2651 (DIN 2652)
    - Flanges DIN 11851
  - Clamps
    - Clamps TRI-CLAMP

Other connections are available on request.

Impeller
- The GEA Hilge DURIETTA has semi-open impellers, which allows easy and efficient cleaning.

The GEA SMARTPUMP Line for your Standard Applications
- The GEA Hilge DURIETTA pump in the GEA SMARTPUMP line is the right choice for your applications under hygienic conditions. The range of single- and multi-stage sanitary pumps allows you to choose between several standard variants to suit your task.

Smart, Safe and Compact for your Hygienic Production Processes
